Mary Nirenberg—President and Co-Founder

Mary has over 20 years' experience in the immigration field, beginning her career with one of Canada's most respected immigration law firms. In her advisory capacity, she travelled the globe, becoming an expert in business immigration for investors, entrepreneurs and other professionals.

Mary's knowledge of the field and passion for helping clients led her (along with co-founder Maria Guerts) to establish Kanset Services, now a leading immigration consulting firm based in Toronto.

Maria Guerts—Managing Director and Co-founder

Maria is a licensed immigration consultant, designated by the Regulated Canadian Immigration Consultants (RCIC), the Canadian government's official regulatory body that serves and protects the public on immigration matters.

Along with Mary Nirenberg, she co-founded Kanset Services in 2012. With a BA in Administrative Studies, early in her career Maria became a successful immigration case manager at one of Canada's most respected immigration law firms. There she discovered her passion for the field and developed her knowledge of the international human resources market, becoming an expert in immigrant settlement plans. Now Maria specializes in foreign worker applications and helping companies recruit staff through Canadian government programs.
